

**Issues Relevant to Human Right Protection and Legal Compliance**

(cf. Application Procedures for Grants-in-Aid for Scientific Research)

<p>In case the proposed research involves such issues that require obtaining consent and/or cooperation of the third party, consideration in handling of personal information, or actions related bioethics and/or biosafety (including the laws and regulations and the guidelines in the country/region(s) where the joint international research is to be conducted), the planned measures and actions for these issues should be stated within 1 page.</p> <p>This applies to research activities that would require approval by an internal or external ethical jury, such as research involving questionnaire surveys, interviews and/or behavior surveys (including personal histories and images) including personal information, handling of donated specimens, human genome analysis, recombinant DNA, and experimentation with animals.</p> <p>If the proposed research does not fall under such categories, enter “N/A (not applicable)”.</p>
